A Flavourful Experience

No day is perfect without a delicious meal. Our meals are prepared by experienced master chefs.

Magical Garden Restaurant at Hotel Jama****

From hearty buffet-style breakfasts to à la carte dining with views of the Postojna Cave Park's nature. Enjoy the finest cuisine and pamper your taste buds with modern interpretations of Slovenian and international cuisine prepared by our renowned master chefs.

Jamski Dvorec Mansion

The Jamski Dvorec Mansion is a highly recognisable feature of this area and its location right next to the Postojna Cave entrance symbolically unites the cave's interior with everything that visitors can enjoy outside. The Mansion's kitchen boasts a long-established tradition paired with modern culinary trends. Guests can enjoy typical regional dishes, Central European culinary delights, Slovenian specialties, as well as saltwater and freshwater fish and game.

Indulge in the flavours and fragrances of the tasty dishes that were in the old days enjoyed by the gentlefolk and are nowadays prepared with a modern twist.

Restaurant Proteus

The recently renovated Restaurant Proteus has been built on the foundations of its glorious past and is well-known for its excellent range of culinary delights. The restaurant is housed in a wonderful traditional old building, typical of this region, and is located less than a kilometre away from Postojna Cave. The restaurant's interior is a unique mix of modern and ancient features. One-of-a-kind booths, made of white strings, form delicate curtains, reminiscent of cave draperies, and – combined with an invaluable collection of the artwork by Leo Vilhar, a Slovenian painter and a local – create a highly unique ambience.

Modrijan Homestead

The homestead offers a selection of premium wines by Slovenian winemakers and gives a fascinating insight into the peasant life in the old days. In the pleasant interior or on the terrace with a unique view of the River Pivka, you can relax while feasting on some delicious dry-cured ham, indulge in some wine tasting and forget all about the everyday hustle and bustle of the city and your obligations.

A Place for Unforgettable Experiences

A wide variety of events can be organised for you in the mysterious subterranean depths. See to some relaxation and fun and work towards your business goals at the same time.

A Book Written by Time

As Slovenia's most famous tourist attraction, Postojna Cave has over the centuries hosted and mesmerised countless visitors from all over the world, including a number of kings, emperors, state presidents and prime ministers, members of military personnel, the clergy and secular dignitaries, scientists, athletes and other noble and important visitors, who have shared their impressions in the Golden Book of Visitors. The book is a one-of-a-kind monument to the splendours of the subterranean karst world.

Special Events in the Mysterious Depths

Its passages, galleries and halls make Postojna Cave a unique venue for special events, including musical and theatrical performances or receptions for large numbers of people. It is an excellent choice for organisers of various meetings or congresses and the participants always agree about the cave being the icing on the cake of their experience of Slovenia and its splendours. Sometimes these special events or business meetings continue with various cave adventures, during which participants explore the parts of the cave that are off the beaten track.

Underground Adventures

Cave trekking tours, treasure hunts and other underground adventures are a combination of laughter, adrenaline and an opportunity to get to know yourself.

Underground adventures are focused on experiencing and learning about Postojna Cave in a different way and outside the usual visitor routes. Owing to a touch of adrenaline and a genuine underground adventure they are intended for closed groups of people and are a good choice when it comes to developing mutual aid, fostering teamwork and learning about one's own capabilities. They also provide visitors with an opportunity to learn about the remarkable story of this subterranean world in an innovative way, with a focus on following in the footsteps of the earliest cave explorers.

Our experienced guides make sure everything runs smoothly and safely. During each adventure, they see to the good mood and provide all the necessary information and explanations about the karst marvel that has been welcoming visitors from all over the world for centuries. You will be amazed at your own capabilities.

Who Are the Underground Adventures Intended for?

Team-building adventures have been designed for companies and conference guests who aim to motivate and reward their colleagues or partners and at the same time try something new and different, as well as to improve the work atmosphere in the company and spend some quality time with one another outside the workplace.

The expertly designed programmes, which are tailored to the clients' needs, initiate and strengthen the factors that characterise any successful team – cooperation, mutual support, commitment to common goals, open communication and responsibility.

The Power and Mystery of History

Predjama Castle

Predjama Castle, a famous local landmark, is located in the idyllic village of Predjama, not far from Postojna Cave. A picturesque, magnificent, defiant, mysterious and impregnable castle has been perched in the middle of a 123-metre high cliff for more than 800 years. Its romantic appeal is further highlighted by the idyllic River Lokva, which disappears underground deep under the castle. As the largest preserved cave castle, it is one of the Guinness World Records. Nowadays, the castle provides a venue for a variety of special events that are bound to impress visitors.

A Perfect Karst Experience

Vivarium Proteus

Vivarium Proteus is situated inside the Passage of New Signatures, 50 metres from the Postojna Cave entrance. It consists of two sections, namely a research section and an exhibition area. The research section, the so-called laboratory, is used for scientific work and research. The speleobiological exhibition introduces visitors to special features of the subterranean environment and the most typical representatives of Slovenian cave-dwelling animals. Postojna Cave is the cradle of a special branch of biology – speleobiology; dozens of new animal species perfectly adapted to life in the dark have been discovered and detailed in the cave.

EXPO Postojna Cave Karst

EXPO Postojna Cave Karst is the world's largest exhibition on caves and the karst. The exhibition features interactive presentations of contents that speak volumes about the formation of the most famous show cave in the world and the extraordinary history of its tourism-related development. Visitors get to learn about the karst and karst features through projections of various contents onto a three-dimensional model, discover the peculiarities of the karst environment and learn about all superlatives and milestones attributed to Postojna Cave on the Wall of Fame.
